 2. Your story includes both your True Self  
 and Unique Self. . . . .  
 3. Any part of your story that you do not live,  
 lives in darkness. . . . .

4. When unique light is trapped in shadow,  
it does not remain static. . . . .
5. When unlived life stagnates and devolves,  
it reemerges as shadow qualities. . . . .  
    Unlived Passion . . . . .  
    Taking Anger into Account . . . . .  
    3-2-1-0 of Shadow . . . . .
6. You feel the full depth of the goodness and aliveness of your  
life only when you are fully living *your* full story. . . . .
7. Shadow is a lie about your Unique Self. Shadow is a lie  
about your essential identity. . . . .
8. Shadow integration does not mean to integrate  
shadow qualities. Shadow integration does mean to  
reclaim your unlived life that is in darkness. . . . .
9. Joy is your life energy. Joy is a by-product of  
Unique Self living. . . . .
10. The technology for shadow integration is love. Shadow  
integration effects a transformation of identity. Love is the  
evolutionary force that transmutes shadow to light. . . .  
Heart of Darkness . . . . .

  4. In the safety of being seen and held in love,  
you can engage your shadow without the need  
to hide, deny, or project it. . . . .
  5. It is the divine feminine, in self or other,  
that holds you in the gaze of love and catalyzes  
your transformation. . . . .  
    Holding Heart Meditation . . . . .

6. Without the loving gaze of the divine feminine,
